### **An Introduction to the MO ABLE Program**

- ABLE accounts are tax-advantaged savings accounts for individuals with disabilities and their families.
- In June 2015, legislation passed in Missouri to help individuals with disabilities achieve financial stability.
- Since then, the Treasurer's Office has been working to implement ABLE in Missouri.
- Missouri has partnered with 10 other states to offer ABLE accounts with the STABLE Accounts program, which are one of the nation's lowest cost and highest service plans.

### **Who is Eligible?**

- Eligibility is dictated at the federal level. A person is eligible if he or she is:
  - Entitled to social security benefits because of a disability or blindness that occurred before he or she turned 26; or
  - Has medical documentation showing that he or she became blind or had a severe and functionally limiting disability before the age of 26.

### **Other Items**

- The Treasurer's Office has partnered with advocacy groups, businesses, schools, government offices and others around the state to ensure a successful launch.
